

# BELGISK ORIENTERING

KARTET OVER "TERRENGET"

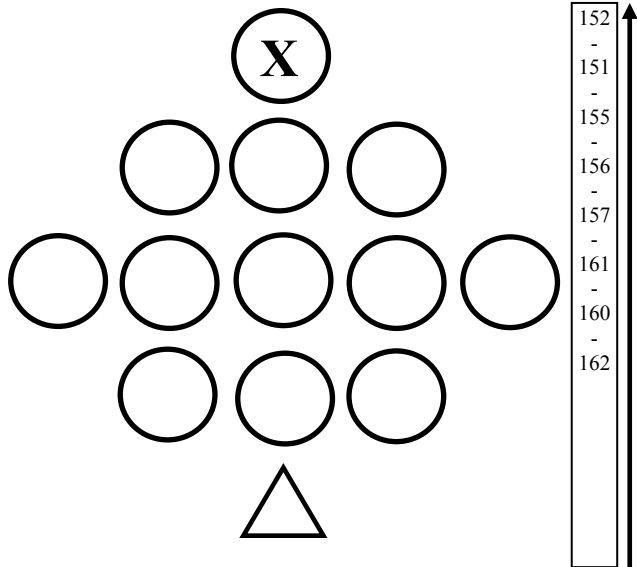

Følg ei løype  
fra start(△) til mål (◎)

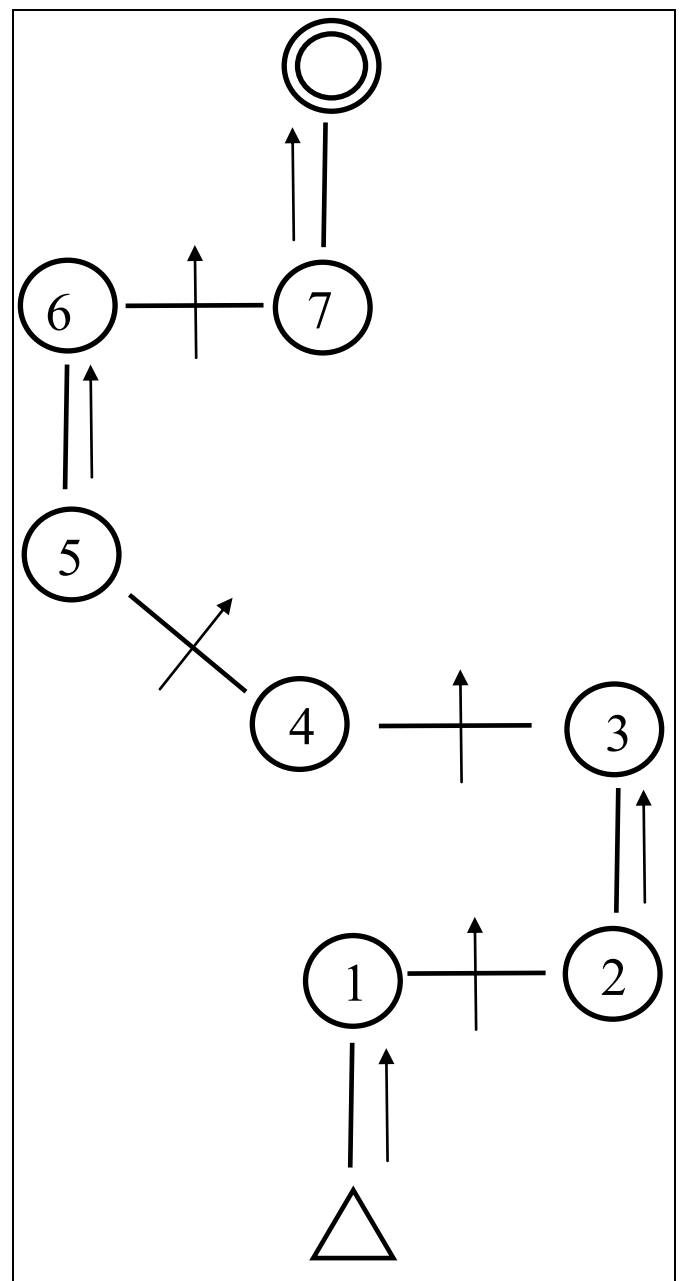

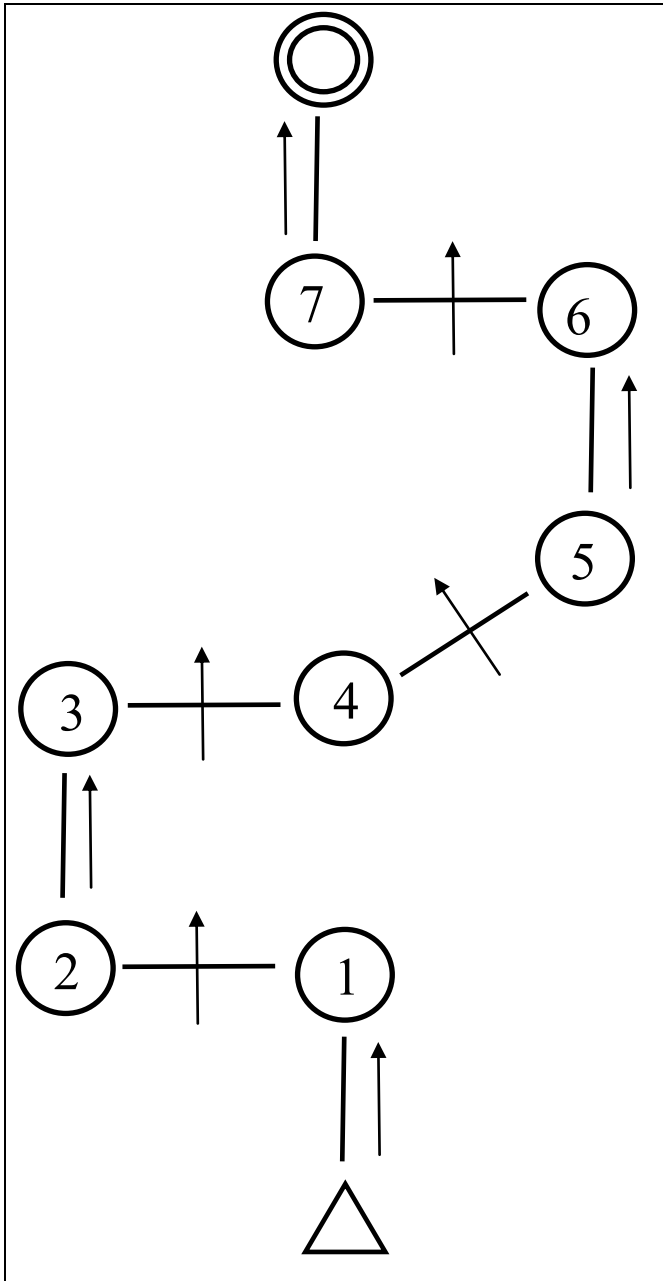

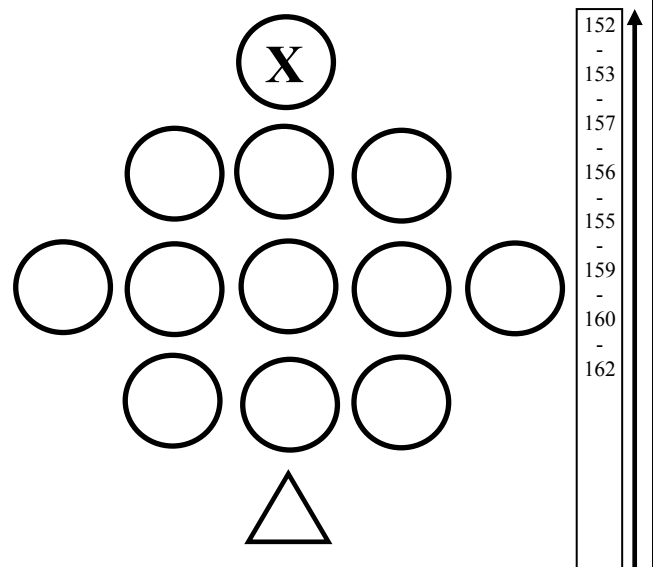

Meningen er å hele tiden orientere kartet slik at nordpilen på hvert strekk peker mot terrengets nord. (nord er den veien nesa di peker når du står på start og sikter mot den lengste bøtterekka).

Lykke til!

Belgisk orientering – løype 1 A
